This is Owen, **Owen Keehnen**. Owen is also queer, like you, and he wants to talk. About what? Well ... you know, stuff ... and things ... and Chiago ... oh yeah, and the books he's written.

Also, **Owen's kind of a big deal**. Word on the street is that he's a **2011 Chicago Gay & Lesbian Hall of Fame inductee**, so you should come hear what he has to say. After all, he did travel quite a long way just for you.

A very trusted source also says that **Owen just loves librarians and the questions that they ask** at his many speaking engagements—read: bring your "A" Game.
